

Whimsy The Pug

By Pam Hicks

Whimsy is a pug. He is three years old. His differences make him very special. He is truly a one-of-a-kind clown pug!

Meet Whimsy the Pug.

Whimsy as a puppy.

Whimsy loves dragons.

And the beach.

Whimsy has a difference.

A special difference.

Whimsy

Three legs work correctly.

And one does not.

This is Whimsy's normal.

Three paw prints in the sand.

One of a kind.

Just like all of us.

Whimsy runs. He plays with his toys. He wags and wags his tail. He loves to give many pug kisses to everyone he meets. ❤️

Whimsy lives his best life.

Just like all of us should!
